

# JAHEZIYA

Readiness. Resilience. Response.

## A NATIONAL CHAMPION

# ABOUT US

## Empowering Resilience. Elevating Readiness.

Jaheziya is a premier provider of emergency response services, specialized training solutions, and strategic consultancy, headquartered in the United Arab Emirates.

We serve a broad spectrum of sectors including government, defense, aviation, energy, and critical infrastructure - enabling organizations to fortify operational resilience and elevate their emergency preparedness. With an unwavering commitment to excellence, Jaheziya is recognized for its integrity, regulatory compliance, and high-performance capabilities in high-stakes environments.

Our role is pivotal in strengthening national and regional readiness, supporting entities to operate safely and effectively under pressure.

# Your Trusted Partner in Preparedness

Jaheziya is the trusted ally for organizations seeking to safeguard their operations and build a culture of preparedness. Our holistic approach - spanning training, consulting, and operational support - positions us as a catalyst for resilience in an increasingly complex risk landscape.

**Jaheziya. Prepared for the Unexpected. Committed to Excellence.**

# STATEMENT OF PURPOSE

Jaheziya is committed to advancing world-class standards in emergency preparedness, response, and resilience across the UAE and the region. Through specialized training, expert consultancy, and operational support, we help organizations strengthen readiness, ensure compliance, and protect communities. As a trusted partner in high-risk environments, Jaheziya enables resilience where it matters most.

# Accredited Training Excellence

Our internationally accredited training programs are designed to meet and exceed global standards including NFPA, ISO, NCEMA, and OPITO. Delivered by industry veterans with extensive field experience, our courses equip personnel with both the certifications and the competence required to navigate real-world emergencies.

Key areas of expertise include:

- Fire and Rescue Operations
- Health, Safety, and Environment (HSE) Training
- Crisis and Disaster Management
- Offshore Emergency Response
- Incident Command Systems
- Training is available both onshore and offshore, ensuring a flexible, immersive, and outcome-driven learning experience.

# Strategic Consultancy Services

Beyond training, Jaheziya provides tailored consultancy services that help organizations proactively assess risks, enhance operational readiness, and achieve full compliance with local and international regulatory frameworks. Our consultancy portfolio includes:

- Emergency and Crisis Planning
- Business Continuity Management
- Risk Assessments and Vulnerability Studies
- Development of SOPs and SOGs

Our strategic guidance is grounded in deep regional insight and global best practices, enabling clients to develop robust systems that protect people, assets, and operations.
